

# Green Public Procurement

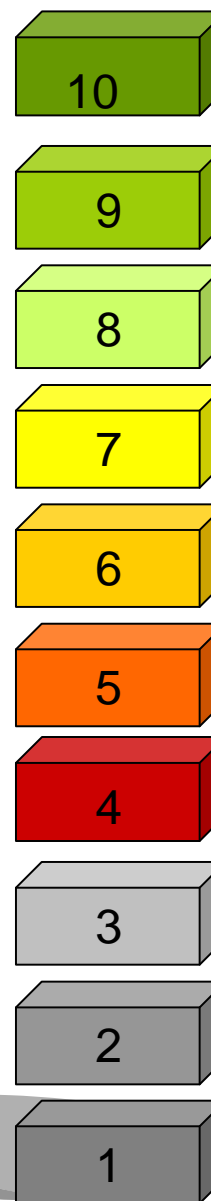

**Pavel Misiga**  
**Head of Unit**  
**Environment and Industry**  
**Directorate-General for Environment**  
**European Commission**

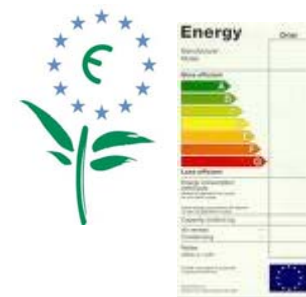

# EU GPP Policy

- **IPP Policy, 2003**
- **New legal framework for PP, 2004**
- **Renewed EU SDS, 2006**
- **SCP/SIP AP, 2008**
- **Communication on GPP, 2008**

**Labels**

**Incentives**

(reduced tax, rebates, subsidies, green procurement)

**Ecodesign**

# Communication on Public Procurement for a Better Environment

- Political target of **50 % GPP** in 2010
- Common GPP criteria for priority product and service groups
- Monitoring – indicators developed by EC
- GPP training toolkit

# GPP Training Toolkit

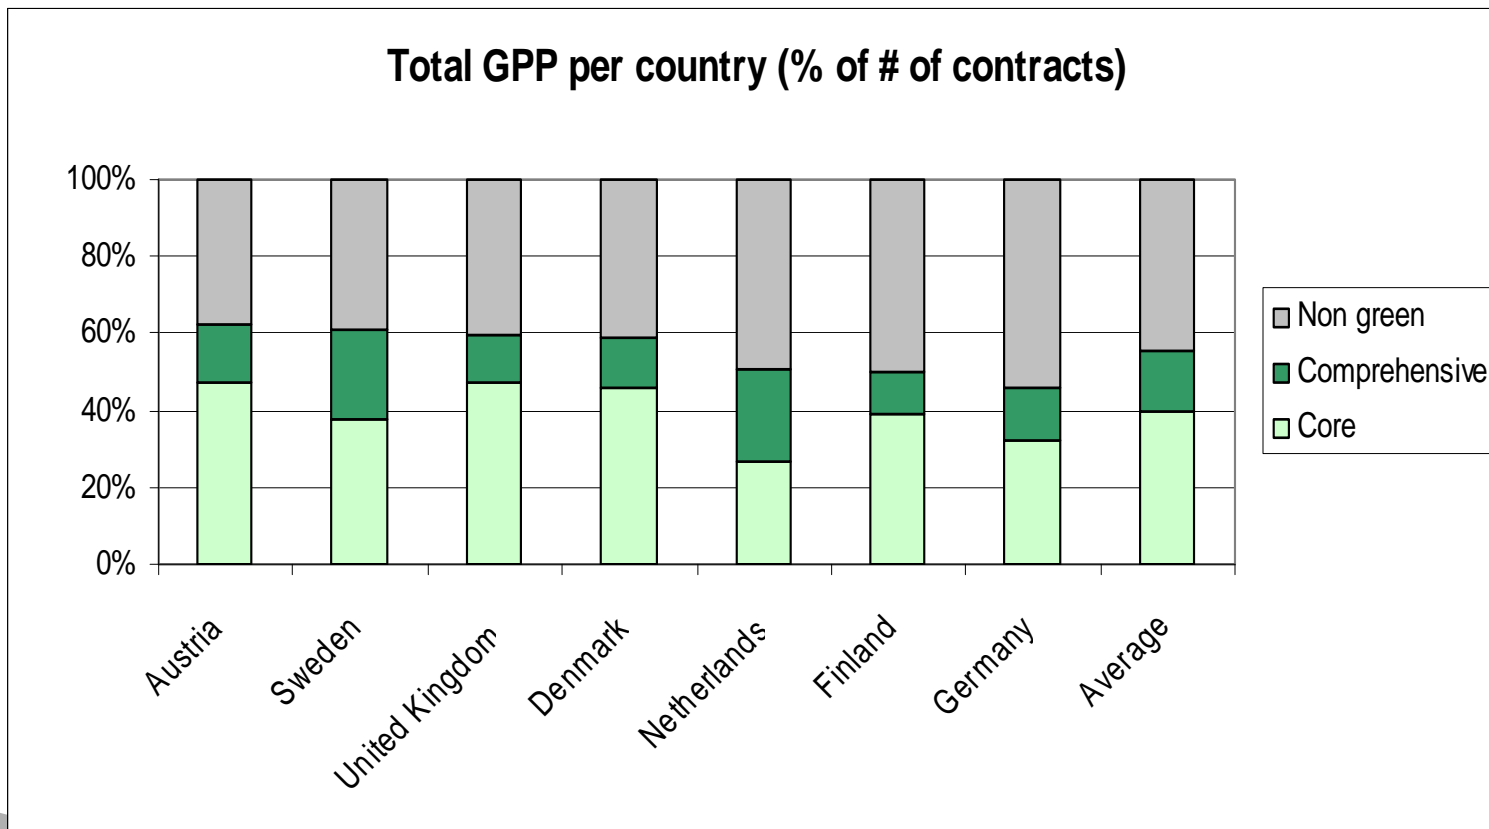

- **Construction**
  - **Electricity**
  - **Cleaning products and services**
  - **Textiles**
  - **Food and catering services**
  - **Furniture**
  - **Office IT equipment**
  - **Paper**
  - **Gardening products and services**
  - **Transport**
- 
- Core criteria: address the key environmental impacts
  - Comprehensive criteria: to purchase the best environmental products available on the market.
    - Based on Type I ecolabel criteria, but any proof can be accepted
    - Internal and external stakeholder consultations
    - Voluntary instrument

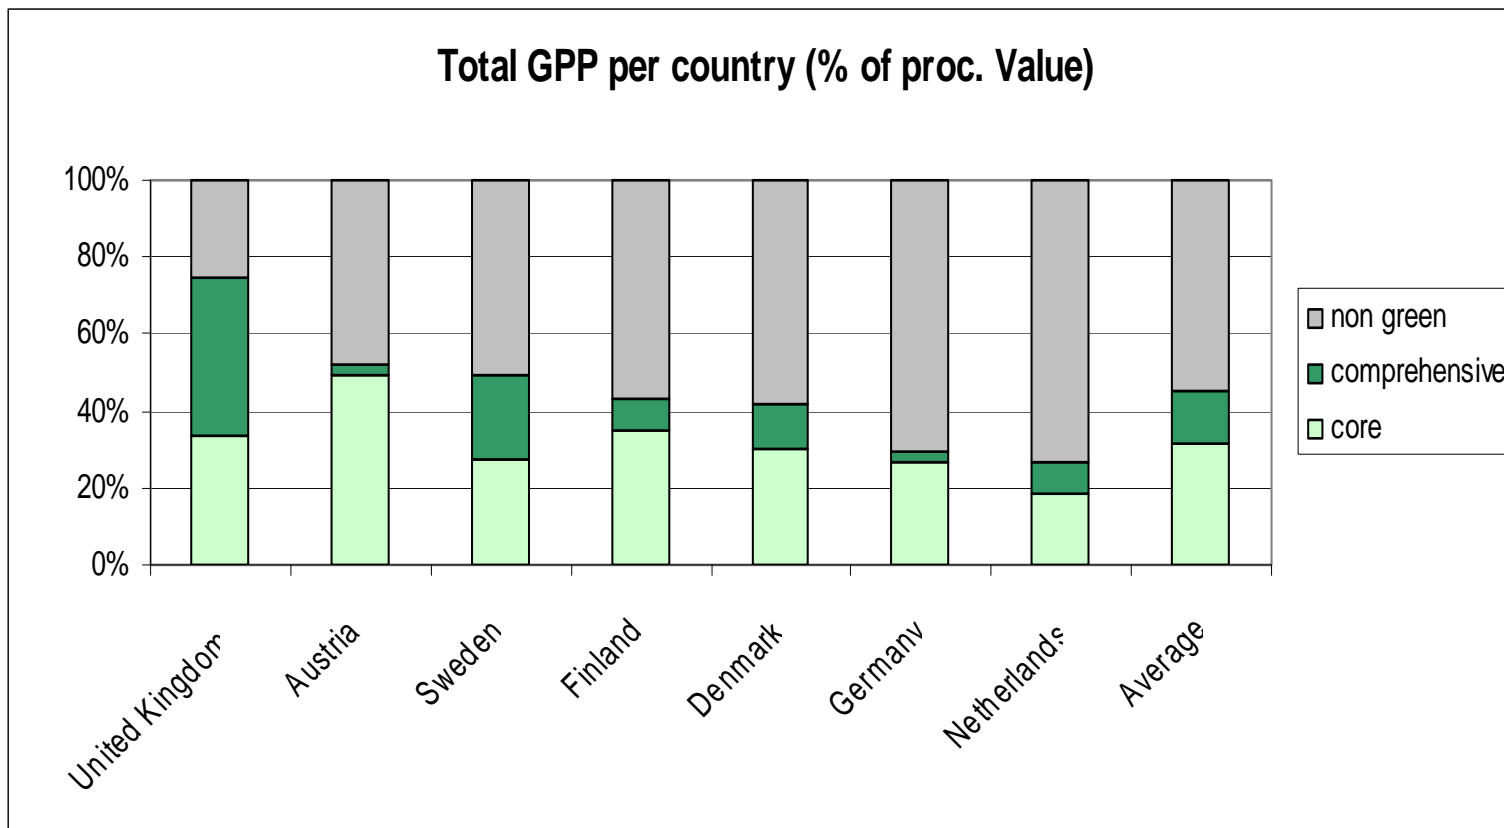

## Status in Member States

- The latest study demonstrates that 7 MS (UK, DK, FI, NL, AU, DE, SE) have on average 45 % of the total value and 55 % of the total number of contracts in 2006/07 – **green**.
- The analysis also points out that there is on average 1% decrease of costs when using GPP (LCC approach), and 25 % of CO2 emission reduction.

# Number of GPP contracts

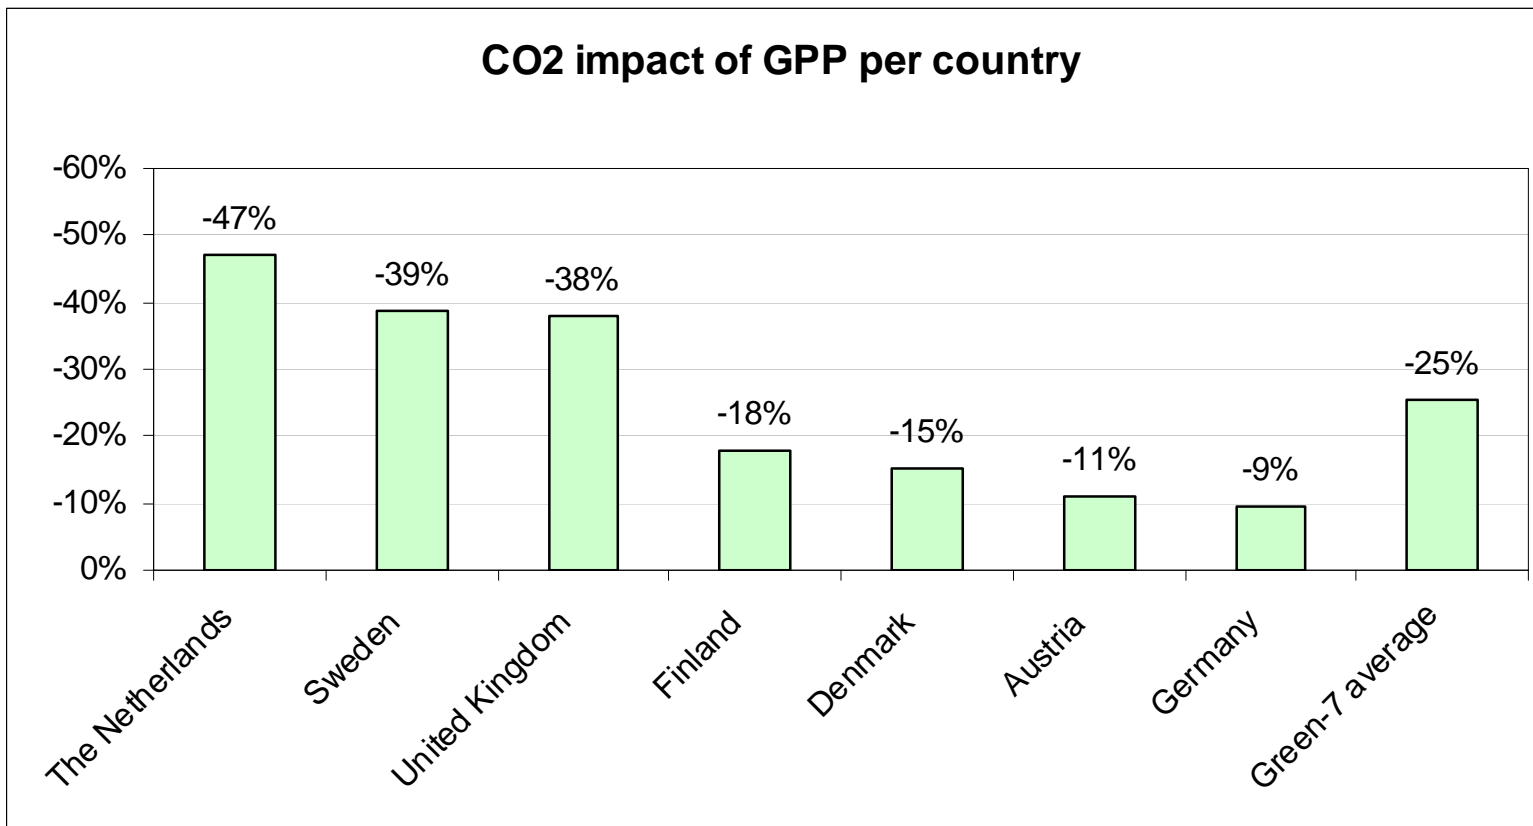

# Value of GPP contracts

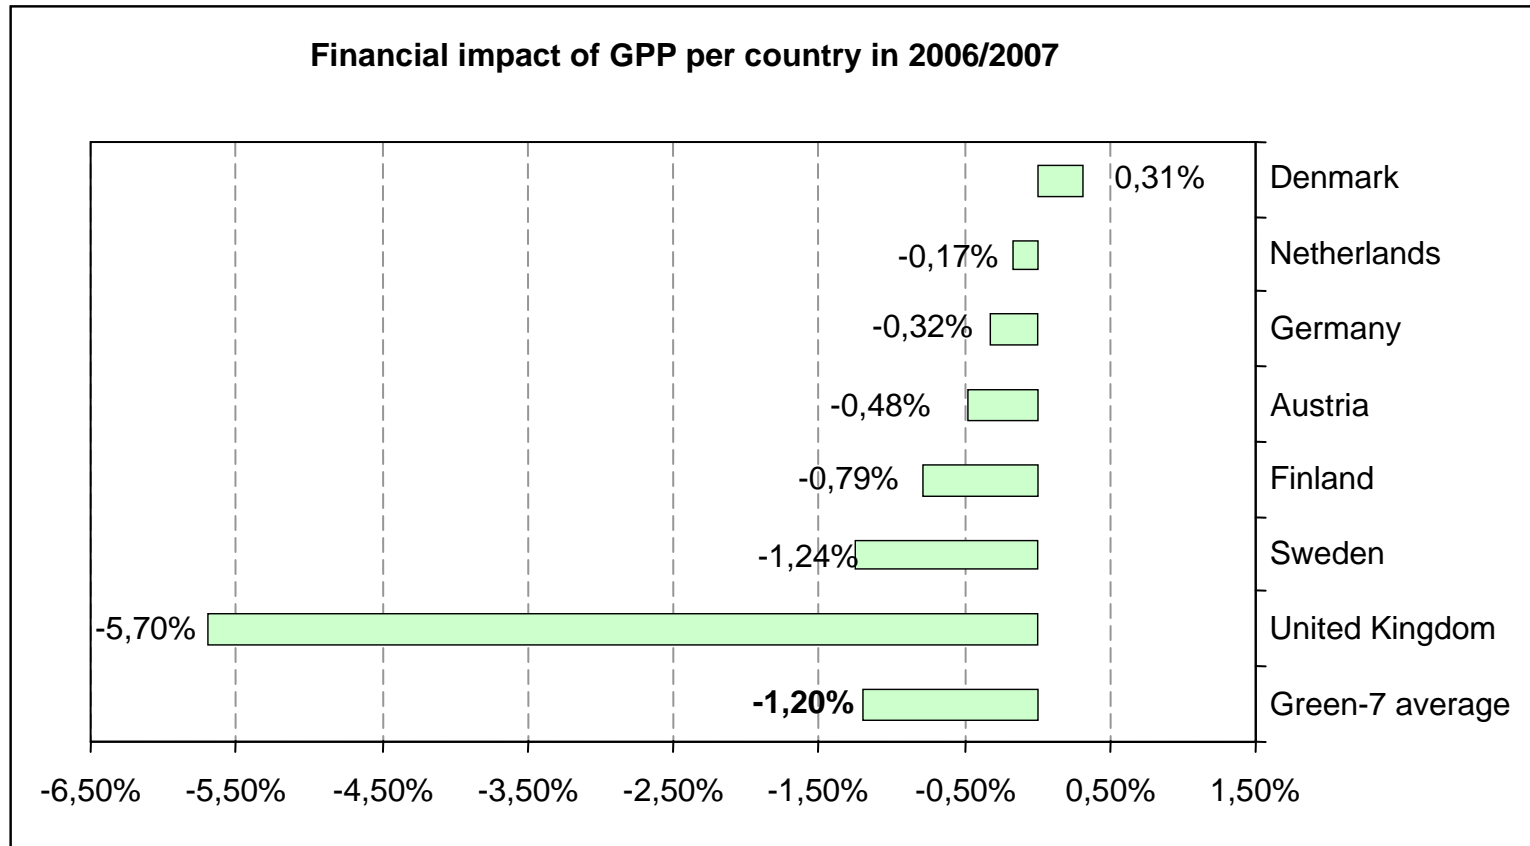

# CO2 Impact of GPP

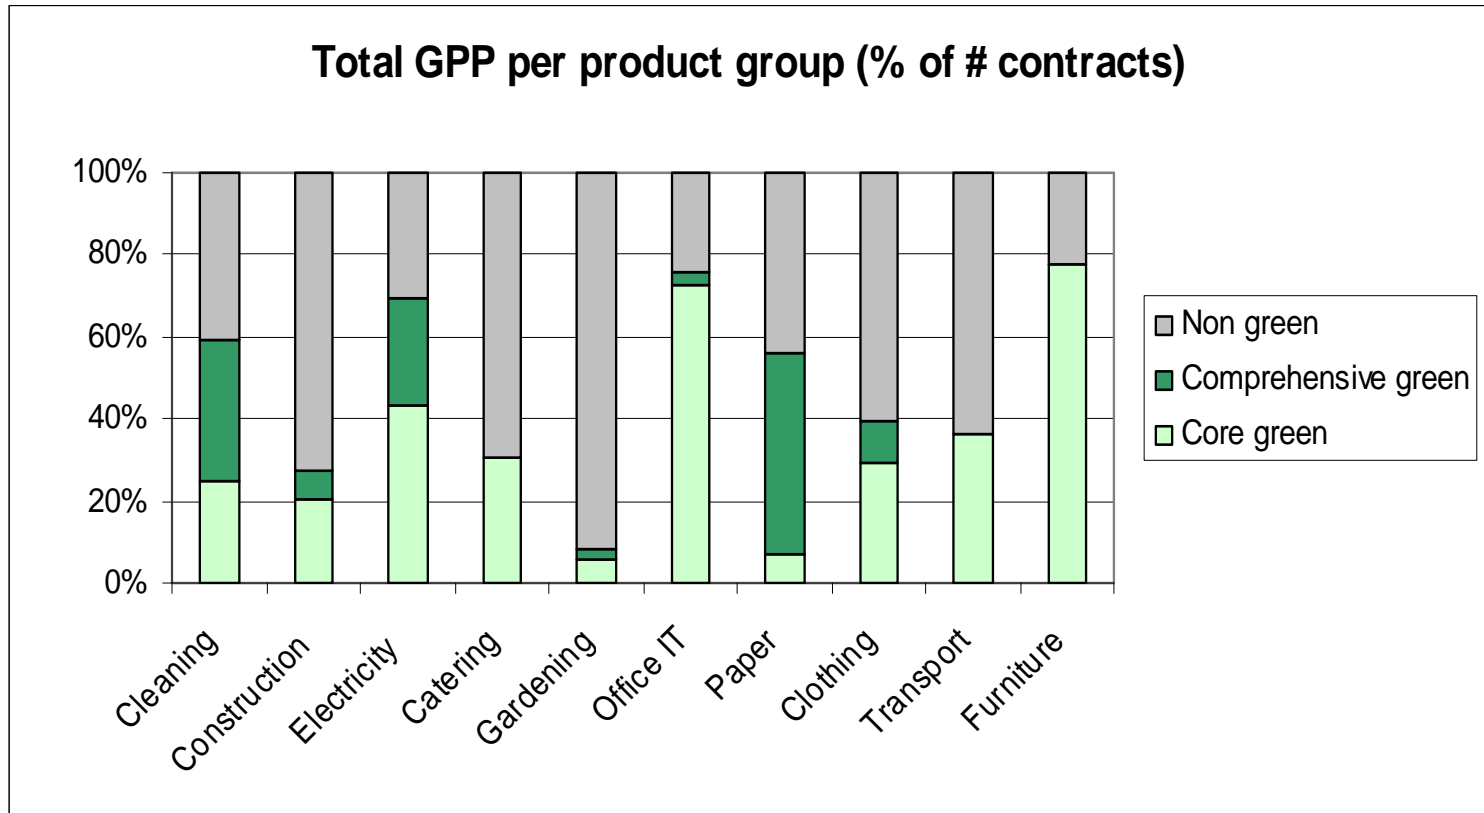

# Financial impact of GPP

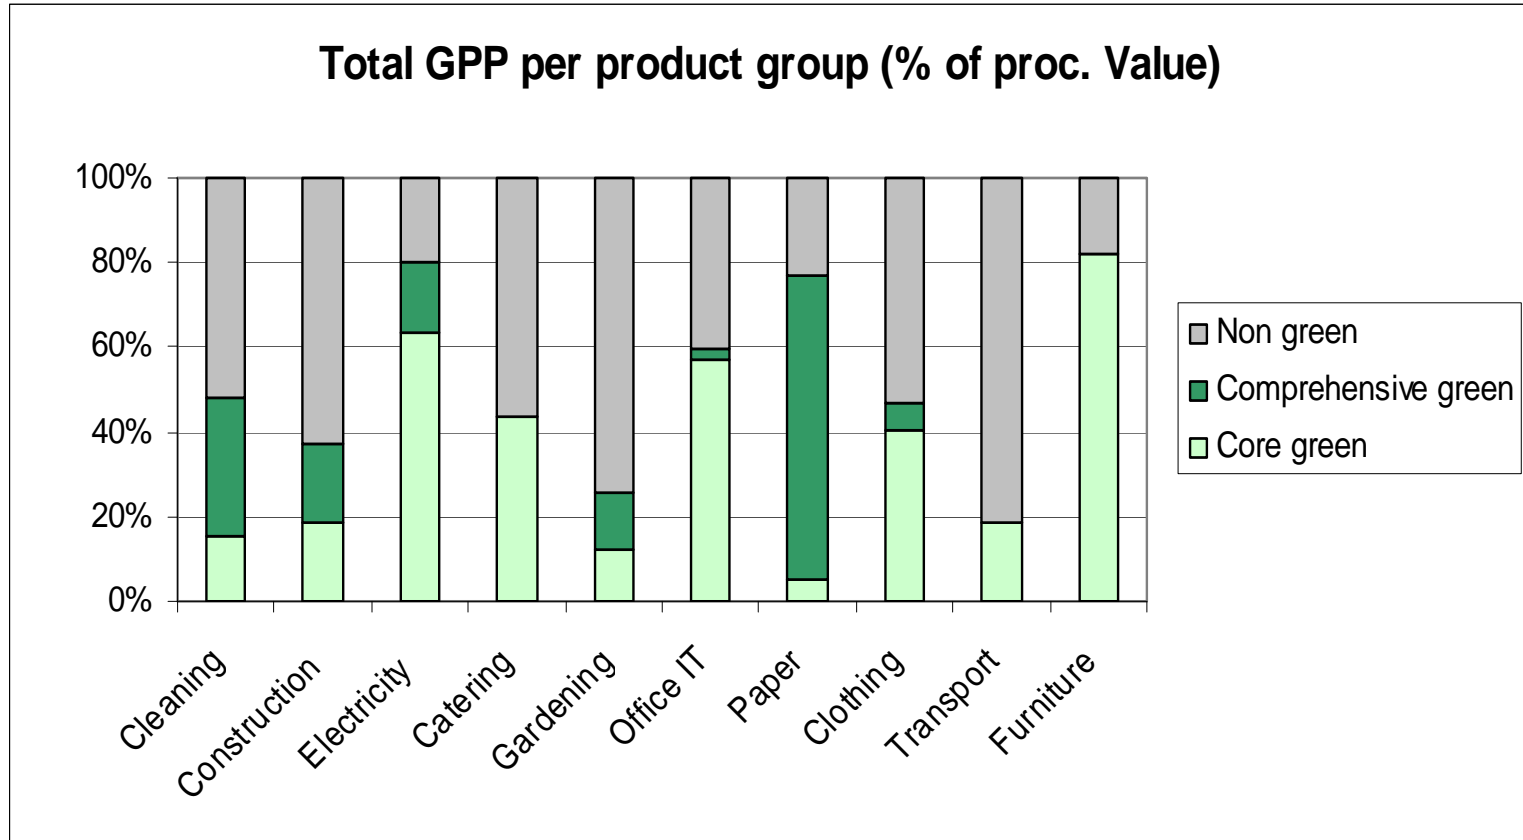

# GPP per product group/number

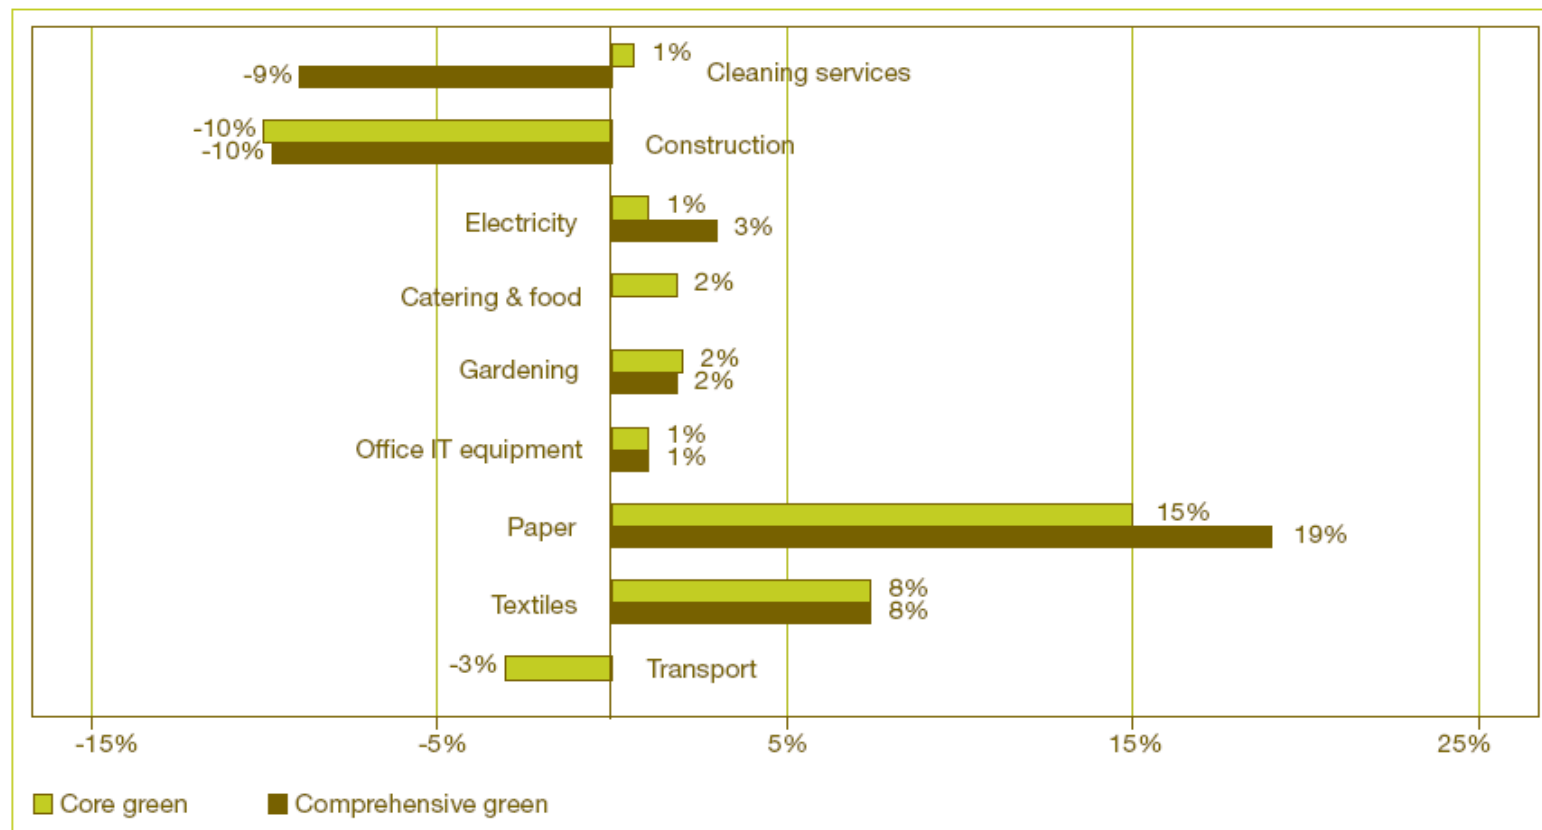

# GPP per product group/value

# Overall financial impact of GPP

# State of play

- endorsement of common GPP criteria in national action plans (to avoid market distortion)
- promote awareness and training on GPP
- develop new GPP criteria based on existing frameworks for environmental criteria (Ecolabel, Eco-design benchmarks, Energy Star etc.), finalise 10 criteria
- raise support for GPP by linking it to other environmental policies
- disseminate information on LCC
- dialogue with stakeholders

# Mandatory GPP requirements

- **Energy end-use efficiency and energy services Directive (2006)** => exemplary role for public sector
- **Energy-Star Regulation (2008)** => mandatory performance levels for central government
- **Directive on the promotion of clean & energy efficient road transport vehicles (2009)** => mandatory performance levels

# Future mandatory requirements

- **Energy Performance in Buildings Directive** => exemplary role and specific targets
- **Energy Labelling Directive** => mandatory performance levels (still under discussion)

# Thank you for your attention
